INTRODUCTION

On the following pages, you will find the General Price List for Conley Funeral and Cremation Service. This price list is in a form necessary to comply with a Federal Trade Commission Rule and shows our prices for certain services. The General Price List is sometimes confusing to persons who have not had to make funeral arrangements before. Because of that fact, we suggest that, if you have any questions, you call the Funeral Home and we will be glad to provide answers for you.

When comparing funeral goods and services, it is important to compare only the final price for all items combined. Some funeral homes depend more on merchandise sales to recover their overhead than on their service and facilities charges. The only way to really compare prices is to choose all services and associated merchandise and then compare the final amount.

Finally, it is very important, in all cases, to choose a funeral home and a funeral director you can have faith in. The time surrounding the death of a loved one is difficult, and the most important job of any funeral director should be to make that difficult time a little easier. Choosing a professional funeral director who deals with every family and every request with compassion and understanding may be the most important selection a family has to make.

We at Conley Funeral and Cremation Service encourage your questions, and are always willing to give honest, straightforward answers. We serve all faiths and viewpoints in a professional, caring manner. Feel free to call with your questions. We are here to help.
